Din rail for Teltonika RUT104 and RUT5xx series routers

(Optional, not included in the standard package)

RUT104 and RUT5xx series devices can be equipped with DIN rail adapter. Adapter allows devices to be mounted on industry standard Top hat rail EN 50022.

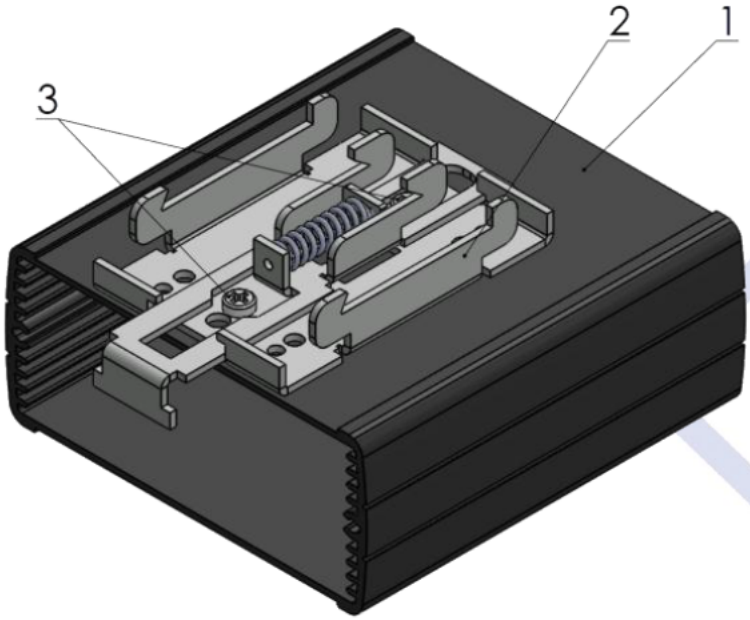

Package:

1. 2x screws for attachment
2. Din Rail adapter
3. Assembly instructions

Instructions:

1. Locate two holes for attaching adapter on the back of the device
2. Line up smaller holes in the middle of DIN rail adapter with the holes on the device
3. Secure adapter with two self-tapping screws

Teltonika reserves a right to modify the functionality of the device without any prior notice.
